

EPA Letter Head

Attorney Keith Ham
Loeffler, Allen Ham & Bristow
116 West 6th Avenue
Bristow, OK 74010

Wilcox Oil Superfund Site
The Property of (b) (6)

Dear Attorney Ham:

Please be advised that the U.S. EPA Region VI has been informed that you represent property owner, Mr. (b) (6). If you do not represent Mr. (b) (6) please contact me as soon as possible.

If you do represent Mr. (b) (6) please be advised that I have left two voice-mail messages at your office over the past two weeks to contact me at 214-665-3190 (my office phone number). EPA is seeking to obtain Mr. (b) (6) signature on an "Access Agreement" to be able to conduct needed field soil testing and sampling.

Additionally, if Mr. (b) (6) or you are opposed to providing EPA with written voluntary consent for access to his property EPA will be compelled to consider other legal means to gain access to Mr. (b) (6) property.

I am currently out of my office but I will return to my office on Monday May 4, 2015. Please contact me at 214-665-3190 in order that we may discuss this matter or send me an e-mail at Benton.Marvin@epa.gov.

Thanks in advance for your cooperation,

Marvin Benton
Senior Attorney
U.S. EPA Region VI
